Purba Bardhaman, West Bengal | 7980935705 | majumdarbristy9999@gmail.com | [Portfolio](#) | [LinkedIn](#)

Objective

Passionate developer and emerging influencer with a knack for creating impactful digital experiences. As a recent MCA graduate, I've honed my skills in full stack web development, WEB design, and coding languages like C++ and Java. Eager to bring fresh ideas and a unique perspective to your team, blending technical expertise with a flair for engaging content.

Projects

Course Management System

2023 - 2024

- Developed a Course Management System using HTML, CSS, JavaScript, JSP, and Servlets.
- Integrated MySQL for data management, enabling quick retrieval and integrity.
- Deployed on Apache Tomcat, receiving positive feedback for design and functionality.

Food Ordering App

2023 - 2024

- Developed a React Native app for streamlined food ordering.
- Enabled menu browsing and secure transaction completion.
- Optimized user experience for efficient and seamless orders.
